

Bruno Bear Catches a Cold

by Jenny Dooley & Virginia Dooley

Express Publishing

Look at the bear. Is it a polar bear or a grizzly bear?

This is Bruno, the grizzly bear. He lives in the north. It's very cold there, so Bruno and his bear friends sleep all winter. They wake up when it's summer again.

One day, he gets up early and looks outside.

“Hmm ... Today is a beautiful day. It’s not very warm, and it’s not very cold. I think it’s a good day for fishing.” Bruno takes his fishing basket and his fishing rod and off he goes!

What do the bears do in the winter?
